NEW BEDFORD HIGH SCHOOL | SCIENCE DEPARTMENT

Science Literacy PD | Lesson Planning & Reflection Sheet

Wednesday, October 28, 2026 • 2:30–3:30 p.m.

Teacher / Team: _____ **Course:** _____ **Unit / Lesson:** _____

PLANNING PURPOSE + REFLECTION PURPOSE. Use this sheet to plan how students will analyze a science source and write an explanation, then reflect on student evidence after the lesson.

1 LESSON FOCUS + SOURCE

What standard/skill, source or task, and response are students working toward? What must a complete response show?

2 STUDENT READING / ANALYSIS STRATEGY

What strategy will students use to analyze the source? Write the exact steps or directions students will follow (for example: CUBS, annotate a diagram, notice/wonder a graph, or analyze a data table).

3 DATA + MOST IMPORTANT STUDENT NEED

Based on student work, assessment data, or observation, where do students struggle most? Which need will this lesson address: source analysis, claim, evidence selection, reasoning, vocabulary, clarity, or another need?

4 NEXT STEPS + FRIDAY EVIDENCE

What will you keep, adjust, or try next? What colleague idea will you adapt? What evidence will you bring Friday?
